SUMMARY

I am bilingual (Portuguese and English), self-taught, and enrolled in a Full Stack software development program at Code Institute, where I am learning HTML, CSS, and JavaScript. In addition, I am studying UX/UI and web accessibility. I am actively seeking career change opportunities as a junior web developer. Working 13 years as a Chef, I had the chance to develop my teamwork skills in restaurants where I trained people, managed small teams and worked on my own when I ran my bakery.

EDUCATION

Full Stack Software Development | Code Institute | 01/2022 - 01/2023

- HTML, CSS, JavaScript, Python GitHub, UX principles, Design Thinking, Agile Development, Bootstrap, Testing, Django, MySQL, and React.js.
- Merit grade received for the [first project using HTML and CSS](#).
- [Hackathon participant](#) with the project [Terra Matter](#).

UX/UI Design | Ibat College Dublin | 08/2021 - 12/2021

- Critically evaluate usability goals and principles of interface design.
 - Identify users' needs for interactive products by applying conceptual and practical tools, including human cognition and behavior patterns.
 - Plan and develop a design process from inception to deployment to improve the usability of interactive products.
 - Evaluate user interface design conceptual and practical tools and techniques to improve user experience.
-
